

LANGLEY IS SCORED BY BYRD

Much Enthusiasm is Displayed at Meeting of the Democratic Candidate.

Much enthusiasm was displayed all through the speech of Hon. A. Floyd Byrd at the Courthouse Monday at every point made against Langley. Continuing from where the story left off in yesterday's News, Mr. Byrd said:

"Two years ago the Republican party declared for a revision of the tariff. My farmer friends, do the Republican party put on any law on the schedule books to protect and put a profit in your pocket; do they ever guarantee a reasonable profit to the farmer? No, sir, it is never done. The great law of supply and demand control all that the farmer raises and sells. A special session is called by President Taft but no sooner did they meet in special session than the lobbyists were there and when the tariff law was passed, was an increase instead of a decrease in 1000 schedules. The cotton schedule was increased and everything you wear is increased in price. The trusts and the manufacturers forced the tariff upward. The Republican leaders are trying to deceive the farmer and the laboring man. They say we put a tariff on corn, but last year only 9,000 bushels came in while we produced over 2,000,000,000 bushels. This is the home of corn and does not need protection.

"They pretend a reduction on sugar. The difference in cost between here and in foreign countries is 3 per cent while they put a tariff of 65 per cent. The tariff adds two cents to every pound of sugar we use.

"Now for the 'steal' schedule. Some were reduced but they did not reduce it enough. The ordinary brace and bitt is shipped out of this country and is sold for \$6 per dozen, while they charge us at \$11 per dozen. They compete with foreign manufacturers but they rob us.

"What is the remedy? The Democratic party favors an income tax. Place a tax on the income of Rockefeller and Carnegie and such men. Mr. Langley voted against the income tax. That tax was not unconstitutional during the great Civil War; we needed the money. The Democratic party if necessary will favor an amendment to the constitution."

"If the Republican party wants to do something for the farmers who don't they remove the tariff on farm implements? When this question was brought to a vote your Congressman Mr. Langley, voted No.

"Mr. Langley received a nice letter from Col. Roosevelt stating that he was very sorry he could not come over and help Mr. Langley in his campaign, but just over here a little distance he is speaking for Senator Beveridge, who has voted for a revision of the tariff.

"On referring to Uncle Joe Cannon he told how Cannon had ruled over Congress, making rates that gave him power to have bills passed that he wanted and to kill those that he did not want. Mr. Langley voted to make Mr. Cannon Speaker and has voted for what Mr. Cannon wanted all the way through. He is trying to make it appear that he did not vote for Mr. Cannon and says he did not vote for him once, but the record of Congress will show that he has always voted for Cannon.

"Mr. Langley's policy has been to put those who had fought him into office. He is trying to make new friends and repudiate his old ones. All over the Sandy Valley you can find old men in the service of the government now out and his new found friends in. Mr. Langley has been trying to make the soldiers believe it was the Republican party who is getting the pensions for the soldiers, but if you will take the record it was the Democrats who are getting the pensions. During the time President Cleveland was in office more pensions were granted than ever before or afterwards.

"Mr. Langley is going through the district trying to make it appear that if you do not vote the Republican ticket, you will not get a pension. But I want to say that I am going to do all in my power to have the soldiers get a liberal pension. I cannot say that I will get the pension, but I will say that I will do my best and it will be the Democratic party that will get the pensions.

Mr. Langley is not a citizen of the Tenth district and has not resided

in Kentucky for 25 years and has not a single interest in common with the people here. He even refused to be enumerated here, stating that he had been enumerated in Washington.

"In referring to his own residence, Mr. Byrd stated that he was born in the mountains of Kentucky; that he was proud of this fact. He said he had relatives and friends in the mountains that were dear to him. Seven years ago he moved to the capital of Clark and all his interests were now here and he was going to look after his home people and their interest.

"In closing Mr. Byrd said that there was a Democratic wave sweeping the country and predicted a Democratic victory in the Tenth by a majority of 3,000."

CASES TRANSFERRED TO BOURBON COUNTY

Judge Redwine Determines to Break up Lawless in Breathitt County.

JACKSON, Ky., Oct. 25.—Further evidence of Judge Redwine's determination to break up lawlessness in Breathitt county was shown by his action in transferring the case of the Commonwealth against John Davidson, Hacker Combs and Jason Deaton, and they are jointly indicted for the murder of John Amer. The transferring of this case and the conviction of Charles Little for the murder of Matt Crawford gives this community of the two counties, the most calculated to be of a disturbing influence. The Amer case defendant gave bond in the sum of \$6,000.

T. J. NEEDHAM FOUND GUILTY

Is Fined \$750 For Writing Policies on Lives of Hopelessly Diseased or Aged Persons.

LOUISVILLE, Oct. 25.—A jury in the criminal court returned a verdict finding T. J. Needham, an insurance agent, guilty of insurance frauds.

Dr. G. S. Schott, an insurance examiner, was acquitted of complicity in the frauds, which created a widespread sensation when exposed some months ago.

It was alleged that T. J. Needham, John J. Keane and T. C. O'Leary, the agents, were writing policies on lives of hopelessly diseased or aged persons, without their knowledge.

Insurance companies in Indiana, Iowa and Tennessee were involved and it is alleged the total face value of the policies on these "graveyard risks" ran over a hundred thousand dollars.

Needham was fined \$750 following the verdict.

O'Leary some days ago entered a qualified plea of guilty which was accepted and he, too, was fined \$750.

TOBACCO MAY BE KEPT HERE

Men Interested in 1909 Pooled Crop Want Tobacco Sold Here and Not Delivered to Burley Society.

A move was started here Monday to keep the 1909 pooled crop of Clark county tobacco now in the Equity Redrying plant in this city here and not to permit it to be shipped to Louisville to be placed on the market.

The Burley Tobacco Society ordered about one hundred hogheads shipped to Louisville Monday, but so far the Equity Redrying Company has refused to ship it. The company says that they have a contract with the Burley Society to hold the tobacco here until it is sold and they are going to keep it.

Immediately after Mr. A. F. Byrd finished speaking a meeting of the farmers was held and the Equity Redrying Company and the Clark County Board of Control were asked to hold the tobacco here and if possible dispose of it without the assistance of the Burley Tobacco Society.

Immediately after the meeting at the courthouse a meeting of the Clark County Board of Control was held in the offices of the Clark County National Bank and Mr. R. P. Seabee and Mr. D. L. Pendleton were appointed a committee to go to Lexington and discuss the situation with the Executive Board of the Burley Tobacco Society.

The meeting of the farmers at the courthouse was presided over by Hon. Abe Renick. Several speeches were made by interested farmers who are anxious to have Clark county's 1909 tobacco sold at home and if possible without the aid of the Burley Tobacco Society. After the following resolution was unanimously adopted the meeting adjourned:

"Be it resolved that the tobacco growers leave it to the discretion of the directors of the Equity Warehouse Company and Board of Control as to whether the tobacco in the hands of the warehouse company shall be delivered to the Burley Tobacco Society at Lexington and we give them full power to do whatever they think best in protecting the farmers' interest."

MUSIC LOVERS' OPPORTUNITY

To Hear World-Famed Pianist and Noted Soprano Soloist at College Chapel, Wednesday Evening.

A charming musical event will be the recital to be given by Mr. William H. Sherwood and Miss Virginia Listemann at the College on the evening of October 27.

Among the notable engagements Virginia Listemann filled last season

were her appearances with the Atlanta Symphony Orchestra, the Cloral Union in Boston, the Boston Spring Festival. Early last year she made a tour of the South with Mr. Sherwood, and her appearances were not only agreeably sensational, but singularly satisfying in the artistic sense and in every instance resulted in many recalls and return engagements for the coming season. Miss Listemann was particularly delighted over the very agreeable artistic association with this famous pianist, who has pleased so many people and carried the banner of Americanism in art into far and foreign parts.

Mr. Sherwood is America's representative pianist. He stands for American development in musical art, emancipated from the trammels of old world tradition.

He was born in Lyons, N. Y. His first teachers was his father, the Rev. L. H. Sherwood, M. A., who founded the Lyons Musical Academy. Mr. Sherwood's father was his instructor until he was seventeen years of age.

In Europe he studied among others, with Theodore Kullak and Deppe, in Berlin, and with Listz at Weimar. He studied the organ at Stuttgart with Scotson Clark, and his masters in Theory, Counterpoint and Composition were Dr. Weitzmann, Carl Doppler, R. Wuerst and E. F. Richter.

He played at the Singakademie in Berlin when but eighteen years old, and the Spensersche Zeitung said to him: "The greatest interest of all was awakened by a young man named Sherwood, who played Chopin's F minor Fantasia with such fine feeling, both in touch and conception that even in those satiated with music, as ourselves, it produced the deepest emotions."

KENTUCKY STATE GRANGE.

The Kentucky State Grange will meet in this city on Tuesday, Wednesday and Thursday, October 25, 26 and 27. Delegates are beginning to arrive, and much interest is manifested.

DEATHS AND FUNERALS

Miss Annie Gnadinger.

Miss Annie Gnadinger, formerly of this city, but now of Cynthia, died at Chicago, where she had gone for medical treatment Monday morning. The remains will be taken to Cynthia Tuesday and the burial will probably take place on Wednesday.

Miss Gnadinger was the youngest daughter of Mr. A. Gnadinger and was much loved and admired. News of her death is received with great regret by her friends here.

Mr. D. H. Parrish.

Mr. D. H. Parrish died in Lexington Tuesday morning at 3:10 o'clock. The remains will be brought to Winchester and the funeral services will be held Wednesday afternoon at 2 o'clock at the residence of Mr. Phil Parrish. Burial in the Winchester cemetery.

Mr. Parrish is survived by his wife and five children, Messrs. William, Charles and H. T. Parrish, of Lexington; Mr. Phil Parrish and Mrs. John Pace, of this city.

ROOSEVELT STUDIES SCIENTIFIC FARMING

Rode 93 Miles in An Automobile to Inspect the Abandoned Farms Near Ithaca.

BINGHAMPTON, N. Y., Oct. 25.—The study of scientific farming at close range kept Theodore Roosevelt busy most of the day. He rode 93 miles in an automobile to inspect abandoned farms of this section, beginning at Ithaca and ending at Binghamton, and decided that the farmer who goes about it in the right way can make a living from land that is now going to waste.

The new point which he emphasized in his speeches was in his declaration that John A. Dix, Democratic candidate for governor, had been a director of the so-called wall paper trust for eighteen months in spite of Dix's statement of last Saturday to the contrary.

When Colonel Roosevelt arrived at Ithaca early in the day John D. Wright, Professor L. H. Biale, of Cornell and George E. Monroe, an expert from the agricultural department, met him and took him to breakfast. Representative Cocks of Roosevelt's home county, was in the party.

POSTAL SAVINGS BANK SYSTEM

Is Nearly Ready For Operation. Kentucky's Representative at the Start Will Be Middlesboro.

WASHINGTON, Oct. 25.—The vast, but simple, machinery of the postal savings bank system is nearly ready for operation. The first trial will be made within a few weeks in small towns having second-class postoffices. As soon as the minor details are worked out the large cities will be given postoffice depositories.

Anyone who is ten years of age or over may deposit money in the new postal banks. Ten cents is the lowest amount that will be accepted. For the first ten cents the depositor will be given an official card, which represents the deposit.

For each succeeding ten cents a stamp will be issued and attached to the card until it bears nine stamps. The card will then represent a dollar deposited.

The card may then be exchanged for an identification book, in which will be recorded in the usual banking form subsequent deposits up to \$500.

No depositor will be permitted to hold more than \$500 in the postal banks, nor can he deposit more than \$100 a month. When \$500 is accumulated the depositor may convert his savings into Government bonds of \$20, \$40, \$60, \$80 and \$100 denominations, bearing interest at 2½ per cent.

The postal savings banks will pay their depositors who have not turned their savings into bonds 2 per cent interest. The money will not be kept by the postoffice, but will be deposited in banks named as official depositories. These banks will pay the Government 2½ per cent interest.

The extra ¼ of 1 per cent will pay all the running expenses of the system. The only appropriation that was needed to establish the banks was \$100,000, to pay the cost of printing the bonds, etc.

Postmasters will be given a bonus of ¼ of one per cent on the average deposits each year in their offices to pay them for their extra work and trouble in becoming banking agents and to stimulate their interest in making the deposits at their offices as large as possible.

Rural mail carriers will issue the books and stamps, and carry on the business in the territory over which they travel each day.

Saturday President Taft approved a list of cities of the second class one for each State, which will be the first to try out the postal savings system. Kentucky's representative at the start will be Middlesboro.

SALE OF LOOSE LEAF TOBACCO

Continues Tuesday and Lots Are Cast to Determine How it Shall Be Conducted.

LEXINGTON, Ky., Oct. 25.—The loose leaf tobacco market for the season of 1910 opened Tuesday morning at 9 o'clock at the warehouse of Shelburne & Son and will continue throughout the six warehouses during the day.

The tobacco warehousemen held a meeting Monday night and cast lots to determine how the sales should run Tuesday and the first sale went to Shelburne's. The sales will continue in the following order:

Farmers' Tobacco Warehouse, Growers' Tobacco Warehouse, Kentucky Central Warehouse, Fayette Tobacco Warehouse, Lexington Tobacco Warehouse.

Representatives of the American Tobacco Company, the R. J. Reynolds Company and the other big companies that were represented in 1909, besides many smaller firms, will be on the grounds.

Mr. A. L. Ferguson, Vice President of the Burley Tobacco Society, sold his 1910 tobacco crop of 90,000 pounds yesterday to W. F. Land of the Lexington Tobacco Warehouse Company at 10 cents a pound.

The Burley Tobacco Society will have representatives at the Louisville and Cincinnati pooled crop sales Tuesday, and the officers of the Society believe that the sales will be at good prices, owing to the fact that the objections which the American

Tobacco Company made to the arrangements for selling have been moved.

Samples will be taken from the hogheads at the sale. The 1909 pooled crop sale will be resumed in the warehouses at Lexington Thursday, with the marketing of crops grown in Fayette and Scott counties.

SCORES FORAKER FOR HIS ATTACK

On Col. Roosevelt, in a Speech Delivered at Ravenna, Ohio, and Urges Defeat of Charles Dick.

RAVENNA, O., Oct. 25.—In a speech here Monday night James R. Garfield scored former Senator Joseph B. Foraker for his attack on Colonel Roosevelt Saturday at Marysville and urged the voters of Ohio above all things to defeat United States Senator Charles Dick for reelection. He denied that Foraker in any way represented the Republican party and declared Foraker to be an enemy to a Republican form of Government. He said:

"Mr. Foraker has arraigned the progressive movement. He says it is un-Republican; that it is treason and secession. In blunt words his speech was the plea of a man representing special interests against which the great progressive wing of the Republican party has set its face and is fighting.

"If it is treason to bring corporations under a sovereignty that will compel them to obey the laws, then there are millions of traitors in this country and I am proud to be one of them. If it is secession to insist on strong governmental policies in the regulation of great combination of wealth, I am a secessionist as are millions of my countrymen."

STATE GRANGE AND CORN SHOW

Number of Exhibits Are Entered, and Additional Prize is Offered By Strother's Insurance Agency.

Already a number of exhibits have been entered in the corn show, which is to be given at the Fraternity Building in connection with the Kentucky State Grange, which is in session here.

An open meeting will be held at the courthouse on Wednesday after noon, and a prominent local speaker will address the gathering.

An interesting feature of the Grange meeting will be the splendid grain and seed exhibit which will be shown by Mr. George Karsner, of Lexington. This collection has been exhibited at a number of fairs and other shows.

Strother's Insurance Agency offers a prize of \$2.50 for the longest ear of corn exhibited in the Clark county corn show. The Commercial Club offers \$10 for the best collection of one dozen ears; \$5 for the next best collection and \$3 for the third choice. A large display of poultry will be shown.

ARE FINED IN POLICE COURT

Emma Ray and Ad Boone Get \$10.10 and Costs For Creating a Disturbance.

Emma Ray and Ad Boone were fined \$10.10 and costs by Judge F. P. Pendleton for creating a disturbance in Bucktown Sunday afternoon. Sam Eades was fined \$6.60 for being drunk.

Monday was a very quiet day in police circles. Only three arrests were made and all were arrested for being drunk. They were W. J. Raings, J. M. Sharp and Will Cruise.

CHARGED WITH SHOOTING ON PUBLIC HIGHWAY.

Deputy Sheriff J. D. Bush Monday afternoon arrested Robert Puckett and John Craycraft who live in the upper edge of the county. They were charged with shooting on the highway.

STORE ROOM IS REMODELED

Steel Ceiling is Put in, Walls Papered and Other Interior Improvements Made.

The store room occupied by Allan & Murphy, clothiers, is being remodeled and when finished will be one of the nicest store rooms on Main street. A steel ceiling has been put in, the walls papered and other interior improvements made. Wednesday morning the work of putting in a new front will be begun. The front will be built on the latest improved plan; which will add greatly to the appearance of the outside of the building.

SCHOLARSHIP GOES BEGGING

President Tigert Says But One Application For Rhodes Fund and Talks Interestingly on Its Value.

Dr. G. R. Parkin, a representative of the Rhodes Scholarship fund, of Oxford University, England, is making a tour of the United States, and Canada in the interest of the scholarship. He visited Lexington Monday and was entertained there by Pres. Patterson of the State University at luncheon. This is his first visit to Kentucky and he was here to meet the members of the Rhodes Scholarship Association of Kentucky and arrange for the examinations next week.

President Tigert of Kentucky Wesleyan College is one of the Kentucky Association and met Dr. Parkin Monday. In an interview with President Tigert who is a Rhodes scholar, he said:

"It is surprising to me that so few seize the greatest educational opportunity offered to the American college man. There is but a single applicant this year from Kentucky colleges. No one has applied from State or Danville or Kentucky Wesleyan or Transylvania and but one from Georgetown College.

"The scholarship pays \$1,500 a year for three years, \$4,500 in all. The largest scholarship at Harvard only pays \$600. But aside from the money, the successful student enjoys a three years' residence at one of the oldest universities in the world. Tradition says that Oxford was founded by King Alfred. It has a known history from the 11th century. The student who goes from here not only enjoys the great educational advantages, but has an opportunity for six months in each year to travel upon the continent of Europe and study France, Germany, Italy and the great Nations of Europe.

"Again, no American University turns out such finished men as Oxford. We have not in our history the scholar in politics. Roosevelt comes the nearest to it of any American statesman. But we have yet to turn out men like Gladstone, the 'Great Commoner' who was prime minister of England, wrote articles upon church and State and was a finished Greek and Latin scholar. Morley, who enters the Cabinet, takes a great part in English public life and in leisure moments writes essays and books. Briece, the English Ambassador to America, who has written the one great authoritative work on America in 'The American Commonwealth.'"

"We are too busy today looking after the American dollar. The whole tendency of our lives is commercial. We measure everything in dollars and cents. We cannot see the value of education, the inestimable advantage it will do in our political, social and commercial life."

"Kentucky should be ashamed of the showing she is making. We should have scores of applicants for such a prize. Not until our people appreciate such matters can we hope to make Kentucky what she should be."

CRIMINAL PROCEDURE.

We see emphasized again with tell-
ing force the complaint of President
Taft and other great lawyers on the
delay in legal procedure in this coun-
try.Dr. Crippen murders his wife in
London a couple of months ago. He
conceals the crime for some time and
finally flees to Canada. He is prompt-
ly tracked down by Scotland Yard and
taken back to England. With
a few days' delay a preliminary hear-
ing is had and then he is put on trial
for his life. The trial lasts five days,
he is convicted, the judge sentences
him to be hanged on November 15 and
he will be then executed.A young girl is found murdered in
Louisville. Wendling, the janitor of
the church, in which the body is
found, is suspected. He flees and
after a long chase is captured and
finally returned to Louisville. The
murder was committed months ago.
Already sharp lawyers are making a
technical fight for delay by suing
out writs of habeas corpus. He will
probably not be tried for several
months. Whether he is convicted or
not, the trial will last weeks. Even
if he be finally found guilty, it is only
the beginning. He will appeal to the
Court of Appeals of Kentucky. He
may even go to the Supreme Court
of the United States. If the judg-
ment be finally affirmed, he die
for the crime two or three years will
have elapsed. People will have near-
ly forgotten the original crime.How much more effective is the
procedure in England. While the
crime is fresh, justice moves swiftly
and surely. The criminal suffers for
his offense. Not only is the great
end of all criminal law obtained, the
conviction of the guilty, but the other
important consideration is also reach-
ed, the effect of prompt punishment
on the criminally inclined.The difference in the procedure be-
tween Great Britain and the United
States is chiefly responsible for the
enormous number of crimes of viol-
ence which are committed in this
country against the comparatively
small offenses in England.Surely our procedure ought to be
made more decidedly reformed if
there must be less crime and fewerWINCHESTER LUMBER & MANUFACTURING CO.

SHOW WINDOWS

Of McCord & Phillips is Attracting
Wide Attention. Idea and Execu-
tion Due to Mr. Joe McCord.Great attention is being attracted
by the display windows of McCord
and Phillips this week. The arrange-
ments are the work of Joe McCord
and speak well for his artistic sense,
originality, and executive ability.
In the left window is shown a
splendid display of "witching"
shoes and from the ceiling is strung
a mass of cobwebs. A perfect little
witch and black cat, of fairy-tale
fame, are riding the proverbial broom
in a journey across the moon. The
representation is perfect and is a
source of great interest to passers-
by.The other window contains an up-
to-date line of men's underwear. A
natural skeleton clothed in white
with tiny electric bulb eyes is grin-
ing and chattering. Small skulls
are stationed here and there, and a
large sign bears the notice: "You
haven't a ghost of a chance to get
cold if you use our underwear."

AUDITORIUM.

The best bill of the season was
offered by the Auditorium theatre
Monday night and the same show will
give one more performance Tuesday
night at 8 o'clock. The show is op-
ened by Myers and Holmes in a
comedy sketch, which also consists
of some swell singing, music and
good comedy. Another good act on
the bill is Harry and Kitty Bolus, that
classy pair of entertainers who offer
some of the best singing, dancing and
comedy that has yet been offered at
the Auditorium. These two acts with
two good reels of pictures are sure to
amuse those that attend the theatre.

HOW TO STUDY CHARACTER

Interesting Use of Mental Powers in
Close Observation of Faces
One Sees.Study the faces you see and try to
form some idea of the characters of
their owners. Notice ears, noses,
mouths, eyes, chins. Observe how few
beautiful mouths and ears you will
find compared with other features. It
is an interesting use of your mental
powers, this study of faces, and will
teach you sympathy, if nothing more.
If you find yourself without faces to
study, then memorize verses, phrases,
or numbers, to retain your memory.
Learn to recall the numbers of a doz-
en or a score of your acquaintances'
houses instead of always referring to
an address book.Commit the words of songs to mem-
ory—even if you do not sing—it will
make you popular with people who do
—or memorize a dozen lines of prose
from the daily paper if you have noth-
ing else at hand; just for practice.It is better than allowing your brain
forces to become weak and stupified
from lack of direction.Make the most of the odd ends of
time, and you will make the most of
yourself with little cost and no loss.

NEW NATIONALISMUnited States Senator Thomas H.
Paynter Discusses Proposed Fed-
eral Incorporation Act.VERSAILLES, Ky., Oct. 25.—Unit-
ed States Senator Thomas H. Paynter
today took a fall out of the "New
Nationalism" of Colonel Theodore
Roosevelt in a speech at the Wood-
ford county court house here Mon-
day. He particularly discussed the
proposed federal incorporation act
and showed how it would be the
greatest advance ever taken toward
centralization of power in the federal
government.Senator Paynter was frequently ap-
plauded when he quoted from Wash-
ington, Jefferson and Lincoln in sup-
port of his argument against the
Roosevelt doctrine of centering all
power in the government at Wash-
ington. He was wildly applauded
when he told of President Roosevelt's
remark that he wished he had a good
constitutional lawyer in his cabinet.
His attention was directed to the fact
that both Secretary of War Taft and
Secretary of State Root were famous
constitutional lawyers.

DIX DEMANDS AN APOLOGY

Repeats With Renewed Emphasis That He Has Never Been Connected With Any Wall-Paper Trust.

ALBANY, N. Y., Oct. 25.—Repeating with renewed emphasis his previous assertion that he is not and never has been connected with any Wall Paper Trust, as is alleged by Colonel Roosevelt; John A. Dix, the Democratic nominee for Governor, in a statement Monday night, demands from the former president the apology, "which one gentleman owes to another for even involuntary misrepresentation."

While in Albany Monday in attendance at the funeral of David B. Hill Mr. Dix was shown a report of Col-

onel Roosevelt's speech at Ithaca in which Colonel Roosevelt declared that for eighteen months Mr. Dix was a director of one of the companies in the so-called Wall Paper Trust, notwithstanding the statement of the Democratic nominee to the contrary.

Following a conference of Democratic leaders after the funeral, Mr. Dix issued his denial of the Colonel's assertions. He states that he never had any connection whatever with the Standard Wall Paper Company, which was a defendant in an action before the United States Supreme Court.

ROYAL ACCOUNTS.

Methods of the King of England in Transacting Business.

No advertisement is more valuable than the advertisement of a tradesman than the royal warrant, which allows him to place the royal arms over his place of business and describe himself as "purveyor by appointment to his majesty the king."

Each tradesman who has the royal custom must send in his bill at the end of the month. It is compared with his ledger account kept at Marlborough House and if correct is paid in the first week of the month. No discount is asked on any of the royal accounts. A tradesman who receives the royal custom is informed that he must supply goods at the lowest reasonable prices, and there is never any attempt at bargaining by the official of the royal household. If a tradesman is thought to be making extortionate charges he simply loses the royal custom.

Coal is supplied to Marlborough House by contract, the contracts being made for three years and the contractors paid in equal half yearly payments. Window cleaning, carpet cleaning and chimney sweeping are all done by contract, and the glass frames of large pictures are also kept clean by contract.

Servants' wages are paid monthly, the upper servants being paid by check sent to each from the treasurer's department. The king's accounts for clothes, cigars, theaters, newspapers, books and other personal articles are sent to his secretary, not the treasurer, and are also paid monthly.—Toronto Times.

CORE OF THE EARTH.

One of the Enigmas of Nature That Science Cannot Solve.

Human beings know only a mere skin of the surface of the earth, not more than thirty miles deep, while the globe is 8,000 miles in diameter. There is probably no oxygen at all below thirty miles, and it is difficult to guess what are the elements within. Probably the heaviest elements form a dense core near the center.

It is in some respects astonishing, most alarming, that we are so completely devoid of any direct knowledge of the constituents of the vast mass of globe beneath us and really only know the merest film. A skin or membrane one-twentieth of an inch in thickness (the thickness of kid or brown paper) spread over a ball a little more than a foot in diameter represents the proportion between the the known crust of the earth thirty miles thick and the great globe itself.

We are dependent on inference and speculation for our notions as to the constitution of all that is beneath the mere skin of thirty miles thickness on the globe's surface. Even what is thrown up by the biggest volcanoes does not come from below this depth or tell us what lies hidden there.—Exchange.

Helter Skelter.

"Helter skelter" has been suggestively defined as a jingling expression vaguely imitating the hurried clatter of feet rapidly and irregularly moved. Most dictionaries, however, led astray probably by the ordinary orthography, have missed the true etymology of this phrase. It should be "helter better." "Helter" is an old word for "hang," probably connected with halter, and "better" is used by old writers in the sense of "order" or the proper state. Thus Barrow, the divine, says: "If the organs of prayer be out of kilter how can we pray?" "Helter skelter," therefore, is literally "hang order" and means, "Oh, hang order; let us do it, or let it take its chance." Ben Jonson in "Every Man In His Humor" writes, "Helter skelter, hang sorrow, care 'll kill a cat," and Shakespeare, using it to express rush and hurry, says, "Helter skelter have I rode to thee."

Horseradish as a Vegetable.

In Germany horseradish is frequently made into an excellent cooked vegetable which goes particularly well with boiled mutton or chicken fricassee. It is made as follows: Grate as usual and stew till tender in butter; mix well with grated Parker House rolls, one cupful of the latter to three of the horseradish, and boil up once more, adding a heaping teaspoonful of sugar. Served with very firmly jellied currant jelly, scooped out with a teaspoon and laid in solid little ovals like a wreath round the white mound of horseradish, this delectable dish looks almost as good as it tastes.—Suburbanite.

The Attraction.

Tourist—I must confess that I can't see why so many people want to come here—no scenery, no amusements, no good things to eat, absolutely no attractions. Innkeeper—Ah, signor, zey come because we 'ave ze gr-r-ran label to stick on ze luggage.—Mexican Herald.

Civilization.

The upward sweep of civilization is not unlike the rising of the incoming tide. It advances and recedes, but each advance carries humanity to a higher altitude than it had reached before.—B. O. Flower.

Insulting a Humorist.

"Did you write this joke?"
"I did."
"Ha-ha-ha!"
"Well, what are you laughing at? Ain't it a good joke?"—Toledo Blade.

The wise man is cured of ambition by ambition.—La Bruyere.

No Cough

Have not coughed once all day? Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard Pectoral will certainly set all doubt at rest. Do as he says. He knows. J. C. Ayer & Co., Lowell, Mass.

Those Girls.

"Tom gave me all his dances last night." "Why, thought he went home early?" "He did; he only danced once."

Simple Recipe for Success.

Any man who yearns for success can have it; he has simply to find out what the public wants, and go on giving it nothing but that.

Dr. Pierce's Favorite Prescription

Is no "cure-all" humbug, but is made for just one purpose—to cure the weaknesses, painful disorders and irregularities of the womanly organism. It is

THE ONE REMEDY for these ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and is carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath—thus taking its users into their full confidence, and warranting physicians in prescribing it in their worst cases, which they do very largely.

It is foolish as well as dangerous to take medicine the composition of which you know nothing. Therefore, don't let a dishonest druggist prevail on you to accept a secret nostrum for this professionally approved medicine of KNOWN COMPOSITION. Every ingredient in its make-up has the strongest indorsement of the leading medical men of all the several schools of practice. Send postal card request for free Booklet of same.

Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her, absolutely free.

In addition to this free advice, Dr. Pierce will send a fine French cloth-bound copy of his great 1000-page book, "The Common Sense Medical Adviser," to any woman who will send 31 one-cent stamps to pay the cost of mailing only.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They work in harmony with "Favorite Prescription" when needed as a gentle laxative. Sugar-coated, tiny granules, easy to take as candy.

Proves Quinine is Never Effective in the Cure of a Severe Cold or the Grippe.

Nothing else that you can take will break your cold or end grippé so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable neuralgia pains headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippé.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippé misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.
